

Fellow Cruisers !

First, we apologize for the constant changes to our Opening Night Cruise-ins. As you're all aware the Corona Virus has taken its toll on all of us in so many ways. Rather than constantly coming up with new start dates that gets knocked down by the powers to be, we have decided to let you know what is actually going on ...

Ray (our club president) has been constantly in touch with all the players that need to be involved to get something like the Cappuccino Cruisers Events going. You probably have no idea what all that involves but it includes permits, insurance, property management approvals, local business approvals, fire department, city planners, infectious disease agencies and on and on. Of course each of these want to make sure everything is OK to proceed and of course none of them are talking to each other. We have been in the middle negotiating to get our shows up and running for some time now and are getting closer day by day.

We think we're close, be patient. As soon as we know something "For Sure" we will post it and run with it !
